FOCAL2022

WELCOME FROM THE PROGRAM DIRECTORS

Arvin K. George, MD

Abhinav Sidana, MD, MPH

Dear Colleagues,

We welcome you back in person to the annual symposium on Frontiers in Oncologic Prostate Care and Ablative Local Therapy, FOCAL2022. We have put together an outstanding program on prostate imaging, transperineal interventions, and ablative treatments for prostate cancer and benign prostatic hyperplasia. The meeting includes lectures by world-renowned faculty from all over globe sharing their knowledge and experience in a fast-moving space. We are also excited to offer three hands-on training workshops on in-office transperineal interventions, fusion-guided prostate ablation, and state-of-the-art BPH management allowing for an in-depth experience with multiple novel technologies in one place.

We are grateful to host our Keynote Speaker, Ms. Caroline Moore, Professor of Urology at University College London, who has helped shaped the field of prostate imaging and focal therapy as we know it today. Prof. Moore leads multiple trials in active surveillance, prostate cancer imaging/diagnosis, and focal therapy and has trained multiple surgeon-scientists from all over the world. We also welcome a dynamic and diverse group of faculty, each experts in their own right across the spectrum of clinical care represented at FOCAL2022. All of these incredible urologists and radiologists are here to teach you, and impart their knowledge and passion for innovation, education and patient care.

The goal of this meeting is to engage new and early users with varying levels of experience to learn from each other in a forum that allows for interaction between community-based, academic, and industry partners.

We would also like to take this opportunity to thank our industry partners. Many technologies are exhibiting and represented at this course; their support and collaboration is essential to the success of this meeting. We are confident that this program will be an outstanding educational experience and will help us grow this unique and burgeoning field together. We hope your stay here is comfortable and you have to opportunity to enjoy the wonderful, diverse city of Los Angeles!

Warm regards,

Arvin K. George, MD

Live: September 23 – 24, 2022
Enduring: September 25, 2022 – November 25, 2022

ACCREDITATION STATEMENT

In support of improving patient care, this activity has been planned and implemented by Amedco LLC and Focal Therapy (FT). Amedco LLC is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

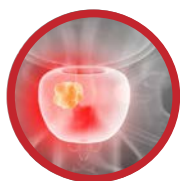

PHYSICIANS (ACCME) CREDIT DESIGNATION

Amedco LLC designates this **live activity** for a maximum of **12.0 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Amedco LLC designates this **enduring material** for a maximum of **13.0 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

OBJECTIVES

- Describe the rationale, the latest evidence on oncological and functional outcomes, surveillance strategies and management of the complications of focal therapy.
- Describe and perform steps of transperineal interventions and treatment planning for focal therapy using different modalities.
- Describe the indications, preoperative evaluation, surgical steps/procedure, and expected patient outcomes for various minimally invasive operations for BPH.
